Company Overview:

Code Acuity, Inc is a strategic consulting, staffing and technology services company headquartered in Rockville, Maryland. We mobilize the right people, skills and technologies to help organizations improve their business performance. We provide key staff to our customers consulting with them on their business problems and then implement a technological solutions. Code Acuity is committed to creating innovative, flexible solutions for corporate and government clients.

Core Capabilities:

- We specialize in designing and delivering premium services for organizations in the following areas:
- IT Consulting. Software Solutions, Cloud Architecture, Data Warehousing and Analytics.
- Human Resource Consulting, Change Enablement, Training, Improve Productivity.
- Management Consulting, Assessment, Process Improvements, Project Management.
- Project Staffing, Highly Qualified Specialists for In House projects.
- Temporary Staffing, Short-term workers and Staff augmentation.
- Temp-to-Perm Staffing, Explore worker competencies before permanent hire.
- Direct Hire Staffing, Place employees in long-term assignments.
- Technology, Insurance, Healthcare, Database management, Infrastructure and Support Services.

Key Differentiators:

- Our People. We have had zero employee turnover within the past 3 years.
- Certified Staff. PMP, CSM & MCSA Certified. We have experienced, vendor-certified consultants with functional and technical expertise. Our people are consistently rated above industry standards in client evaluations.
- Customized Solutions. We work side-by-side with you to develop a customized package that aligns to your overall need.
- Repeat Clientele: Due to high quality work, 90% of our revenue has been from repeat business.
- Regional coverage, local expertise. Multi-lingual. We have a local understanding allowing us to cater to diverse linguistic and cultural needs. We have the capability to conduct interactions in major languages including Spanish & Korean and to support persons with disabilities.

Past Performances:

- Provided Business Continuity Solution to State of Ohio for their Data Analytics platform by building a Big Data disaster recovery cluster.
- Provided with Cloud Architects and Solution Engineers to CVS/Aetna to solve data warehousing problems post merger and implemented hybrid model between On-prem and Google Cloud reducing storage costs and retaining the same Data access patterns.
- Led Project Management, Development and Production support efforts for P&C insurance communication systems and modernizing auto insurance documents for USAA.
